

Submitter: Jordan Pilgrim

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4145

This is just a blatant and should be illegal attempt to activate something already disputed. Just like trying to repeal the tax bill when it didn't go democrats way now they are just trying to institute something that didn't go their way again. Democrats know Oregon is too purple to really get what they want without backlash so they try to do it in subversive ways.
