

Submitter:

Walter Sykes

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

In an age of habitat degradation and destruction and the challenges this presents to Oregon's wildlife, it would be wonderful if Oregon could allot significant funds to benefit wildlife and those who depend wholly or partially on a healthy wildlife population.

This small increase of the lodging tax tax would be protective of the environment that many visitors come to experience in Oregon: wildlife viewing, hunting, and fishing, to name a few.

Please support this bill.
