

Submitter:

Ryan Palmer

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

To whom it may concern,

With the current administration utilizing policing organizations filled with its own supporters to infringe Constitutional rights. I most vehemently oppose measure 114; as it would inhibit Oregonians ability to defend ourselves from tyranny. The second amendment is not just for Republicans. It belongs to all marginalized communities and citizens throughout this Nation. I submit this testimony with the utmost respect.
