

Submitter:

Randall Moore

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4134

In brief: I am a life-long wildlife professional, and I strongly support HB4134. Largely because of human activity, funding for management of at-risk or imperiled species is going to need to increase dramatically in the coming years, and HB4134 is a great start for Oregon.
