HJR201

I oppose HJR 201 as, no matter which side of the aisle one might align with, it appears to manipulate the current state constitutional election system to favor one party over another. I suspect it is borne out of a liberal mindset to squash conservative representation simply out of spite for the current POTUS & his perceived supporters. California has exercised this type of primary system for the past 15-years & it's become known as the "jungle primary." This proposed resolution needs to die. It has not been supported in any, way, shape or form other than political party bias.
