Measure, Appointment or Topic: HB4145

"I am an Oregon resident who voted for Measure 114.  
I'm unhappy with the delay. Large capacity magazines have no place outside the military.  
Closing the Charleston loophole  
the permit to purchase requirement should be in effect now.  
HB 4145 will make the implementation of those steps more efficient and effective.  
They should be in place once the Court rules.  
HB 4145 MUST pass this session."
