Measure, Appointment or Topic:

HB4145

Measure 114 does absolutely nothing to punish criminals or those who currently break the law and targets law abiding gun owners. Measure 114 seeks to turn lawful gun owners into criminals overnight and impose a drastic increase in cost to exercise a constitutional, right. The cost of implementing measure 114 will also put the burden on all Oregon taxpayers, when many Oregonians struggle to pay their current bills. This bill will effectively lower zero crime and most certainly create more homeless.

Sincerely,

a deeply concerned, citizen of Oregon
