Measure, Appointment or Topic: SB1541

Dear Chair Golden, Vice-chair Nash, and Members of the Committee,

As a US citizen and resident in Beaverton, I support the creation of the Climate Resilience Superfund. As the climate crisis intensifies, the health of Oregonians worsens, and emergency department visits alone are projected to add millions to Oregon's healthcare costs. By holding polluters accountable for the mess they made, this fund will help build a healthier and more resilient Oregon.

I strongly urge you to pass SB 1541 for the health of our communities and future generations.

Respectfully,

Rich Iwasaki
