I strongly oppose this measure. We are taxed so much already in Oregon, the Kicker is over-collected surplus tax revenue being returned to taxpayers. Surplus tax revenue comes in after the Legislature balances their budget and meets their needs. The surplus is unexpected over-collected revenue ABOVE the completed State Budget.. As a senior citizen when the kicker helps with my tax bill this is a much needed relief. To take this away to help pay for poor budgeting is a slap in the face and it hurts.
