HB4134

I am an Oregon resident and I am urging you to support the 1.25% for Wildlife Bill, HB 4134.

Oregon's wildlife, is one of our State's greatest assets for tourism revenue. HB 4134, would

pay for proven solutions to reduce and even prevent, in some cases, wildlife interaction and

conflicts. We need to use case proven remedies, to promote the safe coexistence between

mankind and wildlife. Safe for BOTH parties!
