

Submitter: Gail Andersen  
On Behalf Of: self  
Committee: Senate Committee On Early Childhood and Behavioral Health  
Measure, Appointment or SB1573  
Topic:

We need to prioritize the safety and well being of children and I support SB 1573 that no needle distribution should take place near schools. There are currently no laws surrounding needle distribution in the state of Oregon. This is the first one and it's long overdue and basically common sense. Please vote in favor of this bill and protect Portland children.

Thank you,

Gail Andersen
