On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1570

I am a Family Medicine Resident working in various healthcare facilities and hospitals throughout Oregon. I am writing in support of Senate Bill 1570. My experience treating patients has shown me how important it is that people feel safe in healthcare settings. Having ICE in healthcare settings makes people less safe. Protections in healthcare facilities cannot come fast enough, and Senate Bill 1570 seems like an important step towards this goal.

Please pass this bill out of committee!

Thank you,
Brendan Kelley
