On Behalf Of: All tax payers
Committee: House Committee On Revenue
Measure, Appointment or Topic: HB4125

The voters already voted on this, you are wasting your time! We asked for this kicker refund because you continue to not understand a budget!!! This is robbery, we voted for this you need to have us vote to change this law, plain and simple. This is not your money to take it's Oregon tax payers money and we say no you cannot have it! It's bad enough that the previous governor changed it to a tax credit!

We have literally nothing left in our own household budgets to give, please stop taking taking taking!
