SB1538

I am opposed to any segment of SB 1538 advancing within the chamber. It is an unabashed attempt to further violate fed'l immigration law & obstruct the enforcement thereof. It incorrectly and I would say maliciously thrusts district superintendents & their designees (school employees) into the ad-hoc position of legal analyst & paralegal. There is absolutely no one qualified to even attempt "verifying the validity of any warrant or court order", be it for immigration enforcement or any other purpose, other than an attorney serving as District Counsel. The obvious intent of proposed legislation such as this is to further exercise one's obsession with "Trump Derangement Syndrome." There is no logical reason, legislative members, to intentionally jeopardize the receiving of fed'l funds for legitimate spending on the school system in order to satiate the obsessive outcry of a noisy few. To do so is to ignore the legitimate needs of residents within the State legally, no matter their economic or education levels. Kill this senate bill.
