

Submitter: Karen Duncan
On Behalf Of: LEVO
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB4145

I am writing to encourage you to pass house bill 4145. The citizens of Oregon voted in favor of this bill many years ago. We are tired of waiting for it to be implemented. The citizens voices should've been heard a long time ago. We're just asking for safer gun laws and regulations. Personally I can't stand to see another mass shooting on tv and know that our state tried to do something about it but delay, delay, delay has prevented it from happening. You as a member of the legislature owe it to us to implement our will. HB 4145 must pass this time and start protecting our communities!
