

Submitter:

Janine Iwaya

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I have worked to collect signatures in my neighborhood and found lastomg support thrpugh the many, many months this bill has taken to get here.

Please know that despite all the delays

and difficulties in passing, all agree that we need to narrow the ability to kill innocent people.

Please vote to support this urgently needed bill.

Thank you.
