This is another attempt to steal tax money from the citizens of Oregon. How many times do we need to say NO!?

The state needs to audit and assess spending in all departments to stop waste, fraud and abuse.

Cut all DEI programs, as they are useless. We have anti-discrimination laws in place.

Assess the need for all administrative positions currently in budget, but not filled and get rid of them. With our current technology, there is no need for these positions.

Stop spending millions on perpetuating the homeless industrial complex. They keep doing the same thing year after year with nothing to show for it except more homeless.

Enabling drug addiction is not the solution to drug addiction. Stop spending money on handing out drug paraphernalia.

Stop handing out tax credits and subsidies to Hollywood, EV's and Luxury Hotels, we cannot afford them. This only benefits Portland, for a short time.

Lower taxes! This will bring job growth to the private sector and in turn, more tax revenue.

Oregon includes all of us, not just Portland! Stop pretending the rest of the state does not exist!

Live within your means Oregon!
