On Behalf Of: myself
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB4145

I am a resident of Multnomah County. I am in support of BM 114 from 2022. I have followed the bill from inception, through passage, and objections.

First I am angered that non-residents can keep a passed bill from taking effect and tie up our courts. I have a vested interest because I am tired of all the needless gun purchases, assault rifles, and hand guns. These are being used and stolen. I am tired of all of the suicides by guns, especially in the counties where this bill was challenged. Please look beyond the headlines, outside influences and NRA. This measure was passed because people of Oregon were and still are dying from gun deaths. It's the leading cause of death in children in the US. People in the disenfranchised communities are committing suicide at a higher rate than other parts of the state. Children and adults are stealing guns and using them in crimes.
PLEASE STOP THE MADNESS and implement BM114 as voted by the citizens of the State. Please pass measure 4145 to implement the BM.

Thanks for your attention,
Amy Peterson
