HB4145

Once again, Oregonians are being attacked over their right to bear arms by legislators hell bent on mutilating children with experimental procedures to allowing our tax dollars to be spent on people who are here illegally and one wonders WHY this legislative body chooses to attack over and over again the citizens of this state and our Constitutional rights?

Under the constitution it clearly states no state can make a law the infringes on one constitutional rights further more no state can charge a fine or fee or license for a constitutional right. This is an unconstitutional law and you are wasting time and money debating such a bill! Listen to your constituents, stay away from our 2nd amendment gun rights period!

Also, stay away from our children. Put criminals in jail and prosecute them for their crimes. Oregonians deserve better than this. It's time to vote anyone who continues these legislative attacks on our rights out of office. You do not represent the majority of the people.

Vote NO on HB 4145.
