HB 4145 isn't a fair House Bill aimed towards law abiding citizens. HB 4145 won't change those who break the law on a daily basis and buy firearms illegally.

Suicide isn't prevented by coming out with tougher Gun Bills on those who abide by the law to begin with. People that are going to commit suicide, will end up doing it one way or another, making tougher Gun Bills isn't going to prevent this from happening.

HB 4145 will make it tougher for those can barely afford the sport at this time. I have spoke with the younger generation and they are concerned that they won't be able to not only afford their firearms, but won't be able to continue to participate in School events, due to the hoops that will have to be jumped through and or delays to enjoy this activity.

Take away HB 4145 and make it easier on the law abiding Citizen of this state, to enjoy the outdoor activities they have always enjoyed at affordable prices and less binding rules that really don't make since to those that don't deserve this
