

Submitter: k d

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4145

I strongly support the passage of HB 4145. Oregonians voted to implement gun safety across our state, and this bill improves upon elements of the new law to improve its implementation. The continued opposition and delays only result in more deaths by gun homicides and suicides, as well as accidental death and injuries. We should not delay any longer. Please pass this bill. Thank you.
