HB4145

I don't know when you people will quit. Trying to Ram gun laws down our throats. I believe in their second amendment. I have the right to carry and bear arms and i am fifth generation, oregonian and i'm sick of these laws.You try to sneak, in every time they get voted down, you try to ride a new one and it is getting very, very discouraging.

With the drugs and homeless population and illegal immigrants, that yo let into this state, it is only sensible to carry a firearm with you.Wherever you go.

As a senior citizen, it is the only way I feel safe and able to protect myself is with a firearm.
