Measure, Appointment or Topic:	HB4145

Support HB 4145 because Oregon voters voted for this ballot measure and research shows that permit to purchase reduces gun violence. We need the updates in this House Bill to implement this ballot measure and to ensure that it is implemented. Time has passed and with time changes at various levels of government impact the votes cast for this bill. We understand that firearm deaths cost our state money. And, suicide rates are very high here as well. Sheriffs, legislators, the medical community and citizens know the value of this bill. Vote to move HB 4145 or any amended version to the floor.
