I support "1.25% for wildlife". I'm not sure if this is the correct hearing for this to go to or not.

I have been environmentally conscious all my life. I grew up in Oregon as did my parents and I want to continue to enjoy the wide open spaces of Eastern Oregon and donate to Oregon Natural Desert Association. I also support wildlife in our oceans through Elakha. Everyone should support the natural beauty of Oregon. It goes back to Tom McCall. Keeping Oregon beaches for people and creatures was essential then and still is today.

I vote in every election. This is the 1st time I have ever submitted testimony for a Legislative Hearing. I believe in Oregon and NATURE!!! I graduated from Oregon State in Environmental Science and continue to believe we all must do our part to protect wild places and wild life.

Thank you. Jeanne Seward-Wallberg
