I am writing in support of 1.25% for Wildlife! We are not doing enough to protect our cherished wildlife and habitats. 1.25% additional tax on lodging is a fair approach considering visitors who come to Oregon enjoy the riches this bill will help to protect. We are faced with an extinction crisis. Continued insufficient funding for agencies working to protect and preserve our migrant and resident wildlife and their ecosystems puts us all at risk of unimaginable loss. Our lodging tax currently is one of the lowest. This increase will not impact travelers choice to visit our beautiful state. Please give a little to get so much!
