

Submitter: nicole Pantley

On Behalf Of:

Committee: House Committee On Behavioral Health

Measure, Appointment or Topic: HB4083

Thank you, Chair and members of the Legislature, I request the opportunity to provide updated written testimony on HB 4083.

I previously submitted testimony with concerns about the administrative transfer language of the Board of Licensed Social Workers administrative authority to the Mental Health Regulatory Board. During the committee session, it was clarified that these provisions will be amended and removed. With that clarification on the record, my concerns have been resolved.

I am therefore submitting this updated testimony of HB 4083.

Thank you for the opportunity to update the written record.
