

Submitter:

Josh Calef

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I oppose this measure because it creates a requirement for governmental permission to exercise a constitutional right according to the US constitution as well as Oregon constitution. This is the whole reason both constitutions exist: to tell government they have no right to interfere. The bill would also create an unfunded mandate for our Law Enforcement officers who are already strapped for time and money to actually investigate crimes and attempt to retroactively create criminals out of otherwise lawful gun magazine owners. Shut this bill down.
