

Submitter: Leta Muncie
On Behalf Of: HB 4153 Wood Shoe and Other Farm Stands
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB4153
To Whom It May Concern:

This is in support of HB 4153 Farm Store Bill!

Oregon has a long history of agriculture and family farms opening their farms for family, friends, and the general public to come and enjoy a day on the farm. To learn about agriculture, how crops grow and being able to bring home what they have just learned about to enjoy. For the children/youth: they get to experience farm life; often it plants a seed of interest and hobby of growing their own produce/plants/flowers/trees. This is the livelihood for many people here in Oregon. We need to help keep these farms open and operational; allowing them to have the stands and stores they need to sell their produce, flowers etc. Let the stands and stores be the size that is needed to accommodate the particular farm selling. Please support them; so we as Oregonians will not lose a time honored tradition of visiting the farm(s) and getting healthier produce and product that we can see where and how it is grown; not having it shipped in from "Lord only knows where."

Thank you for your support and listening to us.

Respectfully Submitted,

Leta Muncie
