

Submitter: Karen Uhl
On Behalf Of:
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water
Measure, Appointment or HB4153
Topic:

Farm stores on their property should be allowed to help support the same business farms in our communities. Every year our family enjoys the tulipfields, berry farms, pumpkin patches, and Dahlia fields. We like to support these farms by buying their agricultural product and items from the store on their land. It is a way to keep our family farms running and does not impede the land use zoning in my mind. It would only be if they set up a mall that wasn't connected with the family farm. The stores on these properties are a way to keep their farms running. Please don't force our small family farmers to sell their property to big corporare games that won't keep the same community standards alive! We would not be able to take our kids and grandkids to see the beauty and hard work of our farming families!!

Sincerely, Karen Uhl
