Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

I oppose this bill that is attempting to take kicker surplus funds that should go directly back to the taxpayers & instead try to apply funds to pay off other obligations that have been mismanaged yet again. As taxpayers we expect our elected officials to balance the States budget just as ordinary citizens must, all the time! If there is an over collected surplus after budget then we expect this refunded to us as a KICKER. Please do your job with integrity, making intentions forthcoming & not prone to using trickery to attempt to defraud taxpayers.
