

Submitter: Tejash Patel  
On Behalf Of:  
Committee: House Committee On Revenue  
Measure, Appointment or Topic: HB4134  
To Whom It May Concern:

I am opposed to the 1.5% State Tax Increase. This is not going to bring more tourism or tourism dollars to our state. We already get guests who gripe and get angry with our staff for paying such high taxes. This will only perpetuate to further disgruntled guests. please keep things to how they are. If it's not broken, not need to fix it or make it better. Believe those in the industry who have to deal with this in the daily than those individuals who support this increase have no experience or knowledge of how the industry works. Please think twice on how this will hurt our already damaged city of Portland and surrounding metro areas. I hope my words have some meaning and impact. Thank you for your time and consideration.
