

Submitter: Charles Ciecko
On Behalf Of:
Committee: House Committee On Revenue
Measure, Appointment or Topic: HB4134

Dear members of the House Committee on Revenue,

I'm writing to ask your support for HB4134. This bill proposes to increase the state transient room tax to support Oregon's wildlife and habitats. Having resided here in Oregon for 51 years now, I'm convinced that one of our greatest draws for tourists is this state's amazing fish and wildlife resources and diverse habitats. The slow erosion of funding for managing and enhancing these precious resources threatens a fundamental cornerstone of our important tourism industry. We need to step up and provide funds that will support this aspect of Oregon's economy. Please vote yes for Oregon's fish and wildlife. Thank you for considering my comment.
