California has some of the strictest gun laws in the entire country, yet they just had another shooting... this time in Stockton. I agree with our Founding Fathers -- the Second Amendment matters. Criminals don't follow "gun-free zone" signs, to them, those areas are basically a wolf's buffet. We should be empowering responsible citizens, not disarming them -- and that includes bringing back real gun-safety education in high schools.

Oregon just had the largest cartel bust in history May 2025. Cartels are trafficking firearms, drugs, and humans into our state and you want to disarm and limit magazine capacity to law abiding citizens despite the 2A stating "right of the PEOPLE to bear arms". The Preamble to the Constitution states "We the people OF THE United States....." We strongly OPPOSE your Marxist ideals!
