

Submitter:

Donovan Haak

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I strongly oppose all of measure 114 and any measure that attempts to force more unenforceable laws on law abiding citizens of Oregon. None of these new laws will help to keep guns out of the hands of criminals, or address the mental health problems affecting our communities.

We should put all of this time effort and money into enforcing the laws already on the books. And actually prosecuting actual criminals.
