Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1594

This bill expands state involvement in illegal immigration by encouraging going against federal immigration laws.

The newest poll shows Democrats and Republicans want deportation. And both polling numbers are above 70%. Have you turned your back on your own constituents?

Please do not spend money on things Oregonians do not want. Oregon wants accountability and affordability. Declaring an emergency is unwarranted and allows this to bypass public input and scrutiny.

I oppose this bill.
