Committee:	House Committee On Judiciary
Measure, Appointment or Topic:	HB4145

Here are three important reasons why I support the implementation of HB 4145:

1. Requiring a person to have a permit to purchase a firearm is one of the best ways to prevent firearm suicide. We know that putting a space of time between a person and a gun when they are suicidal can save a lives.

2. Banning large capacity magazines helps keep Oregonians safe.

3. HB 4145 would close the loophole that allows gun sales before a background check is completed if it takes longer than 3 days. It should take as long as it takes to ensure that the person seeking to purchase a gun can safely own a gun.

We can create the change through enacting sound laws. HB 4145 embodies a sound law.
