Measure, Appointment or Topic:

HB4153

I am in support of HB4153. Farm stores are not just businesses, they are community assets that strengthen our local economy, preserve family farms, and reconnect people to where their food comes from.

Supporting farm stores is an investment in local resilience. It keeps money circulating locally, preserves open farmland, and ensures that future generations still have access to small-scale agriculture. This measure is not just about commerce, it's about protecting a way of life that benefits the entire community.
