Measure, Appointment or Topic:	HB4145

I am an Oregon resident who firmly believes in the reasonable positions taken for gun safety in Measure 114. I voted for Measure 114 and am extremely disappointed that regardless of the measure passing, implementation has been held up far too long.

I support HB 4145 as it is critical to get Measure 114 ready for implementation.

Please pass HB 4145 this session. Please stand for gun safety measure in Oregon.

Thank you.
