HB4145

As a mother and a concerned member of the community, I am writing in support of HB4145. We must prioritize the safety of our children and communities. The data speaks for itself. We know that a permit to purchase a firearm is one of the best ways to prevent firearm suicide. Banning large capacity magazines keeps Oregonians safe. Every gun sold should have a completed background check. HB4145 would close the loophole that allows gun sales before a background check is completed if it takes longer than 3 days. We can protect the lives of Americans AND the rights of responsible gun owners at the same time. I am asking you to stand with the families and communities forever changed by gun violence.
