Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

I have lived in Oregon my whole life. 62 years. I am asking that you respectfully reconsider the kicker refund and send it back to we the people. This is criminal. It's our money. My husband and I work very hard to stay in this state but unfortunately, as we get closer to retirement, we are seriously considering leaving as we can't afford the taxes. Please consider every Oregonian in your decision.
