House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Hi Oregon, I am writing in full support of this measure in the tax for tourism activities and supporting wildlife. For perspective, I spend all my vacation dollars visiting national Park State parks basically wildlife habitat this ranges from Alaska to Florida Hawaii to Maine if I saw a line item on the hotel bill that said 1.25% for wildlife I would happily sign that charge! I know I'm not alone as Eco tourism is one of the most growing areas of an economy in Gateway communities. Oregon could be a leader for other states to follow.

Sincerely Jenifer
