On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1583

Chair and Members of the Senate Committee on Judiciary,

I identify as a person in long term functional recovery from substance use and mental health disorders. I have been working in the treatment industry since 2013 and in behavioral health since 2009, the last 5 years has shown the most growth we've seen in integrating and providing services to individuals in oregon with complex substance use disorders since I entered this field.

I am writing in opposition to SB 1583. This bill would destabilize the systems of care built under Measure 110 by shifting oversight and funding in a way that disrupts treatment, recovery, harm reduction, and deflection services.

Providers and communities have spent years building capacity and trust. Abrupt structural changes make it harder to deliver consistent care and risk leaving people without the services they need.

Oregon should focus on strengthening existing programs and improving data systems — not creating instability through major governance shifts. I urge you to oppose SB 1583.

Thank you for considering my testimony
