Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

HB4125 is just another way for you who are in power to politely screw the taxpayers of Oregon out of OUR money. This money is not for Demorats to throw away on stupid projects that only help a small percentage of Oregonians. Would be understandable if there was accountability but that went away long ago. You just spend like there's no tomorrow. Keep your hands off of OUR kicker check

Thank you

Dan Whitmore
