

Submitter: Douglas Estes

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4145

My testimony is highly and strongly opposing HB 4145 and as well against HB114. This will do nothing but "infringe on my 2nd amendment rights !" In fact, it will infringe on every citizens rights! While nothing is being done to get the criminals off the streets and guns out of their hands. Again, I strongly oppose HB 4145 AND HB 114.
