HB4145

I would like to express my opposition to HB4145. As a retired law enforcement officer of over twenty years, I don't believe this legislation would do anything to make the community safer. As a matter of fact, I believe it would make people more vulnerable to crime by making it more difficult for law abiding citizens to procure a firearm. I believe the U.S. Constitution with The Bill Of Rights is very clear on the issue of the citizenry having the right to own, procure and use firearms for defensive purposes. I find it curious that politicians across the country are more than willing to deprive citizens of their Second Amendment rights while simultaneously expressing their desire to extend voting rights to non-citizens.
