PROSPERITY PROGRAMS PROVE IT.

\$35 Million investment

\$149.1 Million ROI over 2 years

72% of employed participants are working full time

Average wages are **\$22.73** per hour

This Investment Creates New Tax Dollars and Reduces Spending on Social Programs

Prosperity Programs is not designed for quick placement, but for **lasting employment**. By investing in both **people and employers**—supporting training aligned to real business needs and connecting workers to **quality jobs with family-supporting wages, benefits, and clear pathways for advancement**—the program produces sustained employment outcomes that benefit Oregon's economy.

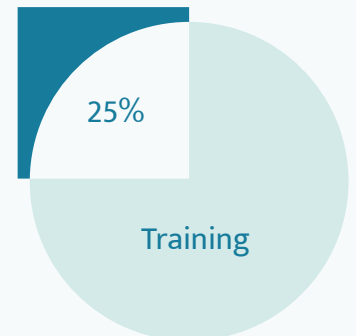

Wraparound supports are:

- Not standalone services
- Complimentary to other resources
- Unavailable through other sources.

Approximately 25% of our resources pay for wrap around supports to **remove barriers** to employment.

Individuals who successfully complete our services make **over \$6 per hour MORE on average** in a career rather than simply gaining a minimum wage job.

ALARM: PROSPERITY PROGRAMS FUNDING ENDS June 30, 2026.

Invest \$15 Million for Oregon's Prosperous Future.
