the kicker tax refund is our money not yours. if your people can't estimate, thats your problem not mine. I work my mt butt off and earn what I get. But all you people seem to do is want more an more. What do we get in return? NOTHING! But yet you claim to need more. That refund is given back to us under OR constitution You have already made Oregon unliveable, and seem to keep wanting to make it worse. WE DON'T need any more taxes, we don't need our kicker taken from us. We need people in state gov who can do what they were elected or hired to do
