NO MORE TAXES! You are driving this state into the ground with your taxes. The only way I would support a sales tax is if the measure totally eliminates income tax and has a provision that will not allow both taxes to ever exist at the same time. I am in general more supportive of sales tax than income tax, but the way this bill is written we will end up with both. Property taxes also need to go. You will have no revenue with either sales tax or income tax if you don't start to encourage businesses to thrive here and to fix our failing schools. Families don't want to live here and put their children in our last in the nation educational system. It is totally unaffordable for both tax payer and businesses.

We will fix our voting systems and we will vote you all out and hopefully see many of you behind bars.
