This is a straight up NO for me. Please no more taxes or redistribution of the taxes I'm eligible to have refunded to me. I have been an early tax-paying oregon resident for 29 years. I have never used or abused any system and I'm so exhausted by this state using and abusing my hard-earned money. You have mismanaged what I've already given you and you shouldn't be given more of my money to fix the problems you've created. NO!
