On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4134

I am writing in full support of HB 4134 , It was narrowly defeated last year by being stalled and as a concerned resident I am hoping it is passed this year. We can't wait any longer and neither can wildlife.

I WORK at a hotel and I 100% support this HB .

Those of us in the hospitality industry know how important our image of our beautiful state is.

When guests learn of poaching and collateral damage to wildlife they are horrified and put off.
